❖ Royal Injunctions: Reinforce the religious settlement (Fines/Stocks)

<b>Religious Settlement</b>		
	<b>Success ☺</b>	<b>Failure ☹</b>
<b>Catholics</b>	<p>80% of priests signed the Oath of Supremacy, so this shows it was a success.</p> <p>Catholics liked some of the features of the settlement - Vestments were allowed and the book of common prayer allowed religious groups to worship in their own ways.</p>	<p>Replaced 27 bishops who refused to sign the Oath of Supremacy. Some of the replacements were Puritans.</p> <p>In 1566 the Pope told Catholics not to attend church services - This was a direct challenge to Elizabeth.</p> <p>1/3 nobility refused to attend the church services and in 1569 the revolt of the Northern Earls took place.</p>
<b>Puritans</b>		<p>Crucifix controversy - Puritans disliked these and saw them as an idol. Several bishops threatened to resign and Elizabeth had to back down and have the crucifixes removed.</p> <p>Vestment controversy - Puritans didn't believe priests should wear special clothing. Anyone who refused to wear them was dismissed.</p>
	<p>Majority of ordinary people accepted the new services and attended every Sunday.</p> <p>There were punishments for not following the religious settlement but these weren't enforced harshly - Led to a stable first decade as Queen</p>	<p>Some areas were slow to make the changes for the religious settlement (Lancashire)</p>

- ❖ Treason laws became harsher - 450 involved in rebellion executed.
- ❖ Harsher treatment of Catholics - In 1572 Elizabeth sent the Earl of Huntingdon, a Protestant, to lead the Council of the North. He brought in laws against Catholics & effectively dealt with Catholicism in the North.
- ❖ The Pope excommunicated Elizabeth after the revolt. His order meant the loyalty of English Catholics was always in doubt - Do they listen to the Pope or the Queen?

- ❖ Used ciphers (coded messages) to hide plans to catch those in plots against Elizabeth
- ❖ Spies became part of groups suspected of being involved in plots
- ❖ Only used torture against Catholic priests in the most serious cases - Didn't want to make people sympathetic towards them.

### Execution of Mary, Queen of Scots, 1587

#### Why was Mary, Queen of Scots executed?

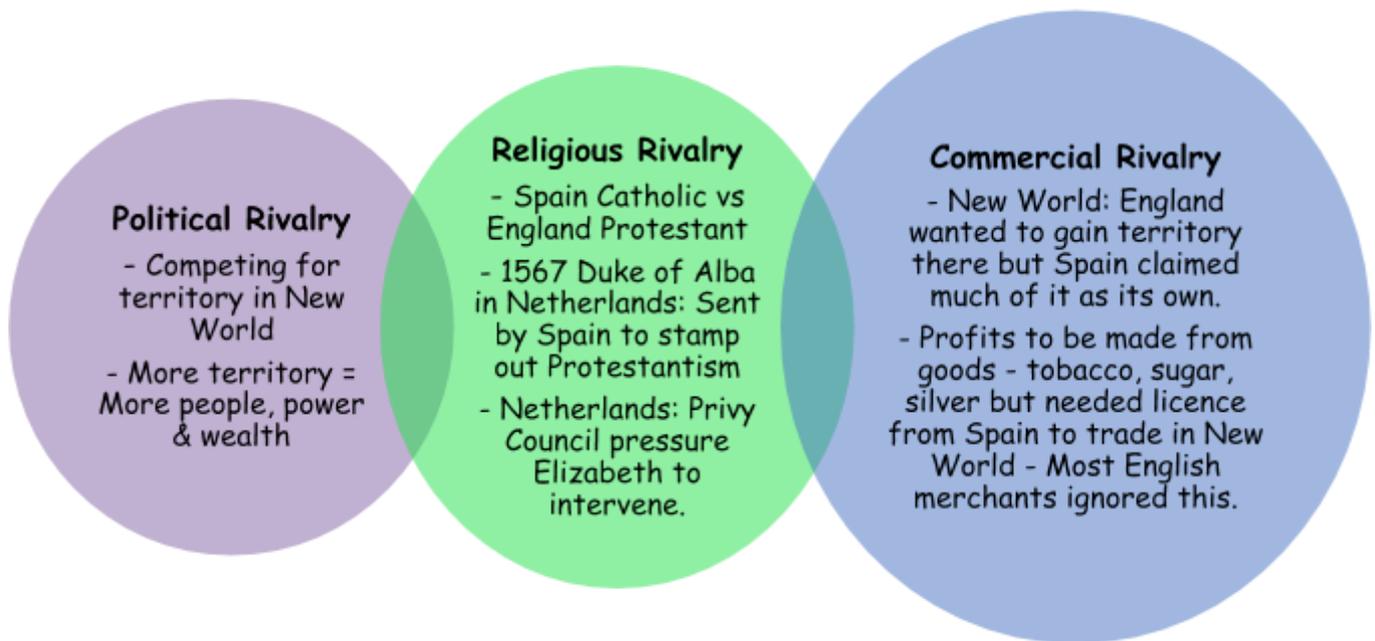

- ❖ **Involvement in the Babington Plot**
  - The evidence Walsingham had (coded messages) was enough to put Mary on trial using the 1585 Act for the Preservation of the Queens Safety.
  - Mary was tried by the Privy Council and found guilty, Elizabeth finally signed her death warrant in January 1587.
- ❖ **Threat of Spanish Invasion**
  - Elizabeth & the Privy Council knew that Philip II of Spain was planning an attack against England.
  - In January 1587 there were rumours that Spanish troops had landed in Wales & that Mary had escaped. These rumours showed the threat that Mary's continued presence was to Elizabeth's England.
- ❖ **Mary's presence was a continued threat**
  - Mary, Queen of Scots was a figurehead for Catholics within England who wanted to see a return to Catholicism.
  - Mary had support from Spain, a growing threat due to the worsening relationship between Elizabeth I and Philip II of Spain.

#### Significance of Mary, Queen of Scots execution

- ❖ Removed an important threat against Elizabeth

- ❖ Gave Philip II of Spain another reason to remove Elizabeth from the English throne - Mary had left Philip II her claim to the throne upon her death.

## Relations with Spain

## Francis Drake

- ❖ Hired by Elizabeth as privateer - Invested in Drake's voyages
- ❖ Drake captured £40,000 Spanish silver in Panama

- ❖ Elizabeth knighted Drake on return - Angered Philip of Spain.

### **Significance of Drake's actions:**

- 1) Drake's actions against Spanish colonies & the claim to land in north California showed Spain that England did not accept Spanish domination.
- 2) Drake's circumnavigation of globe made him a hero - Said something about England's strength as a naval power.
- 3) Boosted England's finances at a time when Spain was becoming an increasing threat.
- 4) Elizabeth knighting Drake sent a message of defiance to Spain

## England's campaign in Netherlands - Why wasn't it successful?

- ☹ Elizabeth did not give her full support - Still hoped to negotiate with Spain
  - Not enough money, men or supplies for Leicester to be successful.
- ☹ Robert Dudley accepted title of *Governor General* of Netherlands - Elizabeth furious as it made it look like Elizabeth was deposing Philip II in the Netherlands.
- ☹ Dudley could only slow the Duke of Parma's advance through the Netherlands.
- ☹ Defections from the English led to a lack of trust for Dudley.
  - Sir William Stanley defected to Spain and handed over the town he controlled (He had been appointed by Dudley)

BUT!!!

- ☺ Dudley did manage to prevent Duke of Parma taking any deep water ports (Ostend)
  - This was important in failure of Spanish Armada

## Singeing of Kings Beard, 1587

#### ❖ English ships

- New ships (Galleons): Easy and fast to manoeuvre
  - Cannons on English ships were on smaller gun carriages - Could fire more cannons than Spanish ships.
- 1588 - Only had 24 new galleon ships: Cannot be most important reason for English victory!!!

#### ❖ Spanish supplies

- Drake's raid on Cadiz: Destroyed barrels so provisions were being stored in inferior barrels.
- Delays due to weather meant that Spanish fleet had already been at sea for 10 weeks before engaging English fleet - Food already rotting

#### ❖ Communication issues

- Communications between Medina-Sidonia & Duke of Parma had to go by sea: Took 1 week for message to get to Parma that Spanish fleet waiting to engage English. Message got to Parma but it was too late
- Duke of Parma had no deep water ports: Had to use smaller ships - Took longer to load once word arrived from Medina-Sidonia

#### ❖ English Tactics

- Use of fire ships: Scattered Spanish fleet so could no longer use crescent formation. Made it easier to attack.

### Key features of battle

<b>29 July 1588</b>	Armada spotted in English Channel
<b>31 July 1588</b>	English set sail from Plymouth - Opened fire & captured two ships. English fleet kept safe distance from Spanish
<b>3-4 August 1588</b>	<b>Battle of Isle of Wight:</b> <ul style="list-style-type: none"><li>- Exchange of heavy cannon fire</li><li>- Medina-Sidonia had wanted to stop at the Isle of Wight and this might have meant Parma got his message in time.</li><li>- English able to fire twice as many cannon balls at Spanish from further away</li></ul>
<b>8 August 1588</b>	<b>Battle of Gravelines:</b> <ul style="list-style-type: none"><li>- English sent fire ships into Spanish fleet which scattered the Armada</li><li>- Medina-Sidonia fighting without Parma's ships which were not ready</li><li>- Armada defeated and scattered by winds</li></ul>

- Sheep farming needs less labourers (Unemployment in countryside rose)

### ❖ Enclosure

- Fewer labourers needed due to improved farming methods
- Sheep farming needed less labourers

- Common land enclosed, so poorest in countryside suffered

## Why was there an increase in vagabondage?

Vagabond = Homeless people without jobs who roamed the countryside begging for money or committing crimes to survive.

- Severe punishments if caught (Whipping/Prison)

❖ **Rural depopulation**

- Many left countryside to look for work in towns and cities - Many became Beggars or resorted to crime.
- Outside of city walls shanty towns sprang up where crime was rife.

**Attitudes towards the poor**

People able to work that didn't = Idle

<b>Impotent (Deserving poor)</b>	<b>Able bodied (Idle poor)</b>
- Unable to work due to age or illness	- Fit to work but didn't - Treated more harshly

Financial help available to poorest: Poor relief

- ❖ Poor rates (local tax)
- ❖ Justices of the Peace organised poor relief
- ❖ Christian duty to help the poor

**Why were new poor laws introduced?**

- ❖ Elizabethan government recognised unemployment was a genuine problem - Led to development of new ways to help the poor.
- ❖ Fear of vagrancy (Cause social unrest)

<b>1563 Statute of Artificers</b> <i>Ensure poor relief was collected</i>	<b>1572 Vagabonds Act</b> <i>Stop vagrancy</i>	<b>1576 Poor Relief Act</b> <i>Identify difference between able bodied &amp; impotent poor &amp; to help able bodied find work</i>

Death penalty for third offence. 3) Established national poor rate for the first time. 4) Towns/Cities responsibility to find able bodied jobs	1) JPs provided able bodied with wool/raw materials so they could make things to sell. 2) Those who refused to work sent to house of correction (special prison)

## Exploration

### What led Elizabethans to explore?

#### ❖ **New technology: Navigation**

- Navigation more precise: Voyages became safer, more direct & faster
- Long voyages often recorded: Made it easier for people to follow the routes
- Printed books with navigation techniques & routes more available

#### ❖ **New technology: Galleons**

- Bigger - More supplies on board
- Useful for trade and voyages of discovery
- More stable in heavy seas
- Improved sails - made them easier to manoeuvre
- Better fire power: Cannons running the length of the ship - Good as piracy  
Common

#### ❖ **Expand trade**

- New World brought new opportunities: Needed new markets due to conflict with Spain and revolt in Netherlands
- Slave trade: Trading slaves to the Spanish colonists

### Francis Drake: Circumnavigation of the Globe, 1577-1580

#### Why did he circumnavigate the globe?

#### ❖ **Political reasons**

- Relations between Spain and England poor by 1577 and getting worse
- Drake wanted revenge for a previous Spanish attack on his ships in 1567-68

#### ❖ **Economic reasons**

- Great profits to be made from a journey to the Americas
- Made himself and his investors rich (£500 million treasure haul)

#### Significance of circumnavigation of the globe

## Raleigh & Virginia

### Importance of Raleigh

  - Send a fact finding expedition who reported friendly natives & described the area as paradise.
  - Brought back two native Americans: They helped make first contact for the English colonists
  - Elizabeth gave Raleigh a ship and gunpowder worth £400: This encouraged other investors.
  - Raleigh invested a lot of his own money: People more confident it would be a success due to this
- ❖ **Raleigh promoted the voyage & persuaded people to leave England and settle in Virginia**
  - Persuaded people they would find their fortunes in Virginia. (Important as previous expeditions had scared people)
- ❖ **Appointed the governor of Virginia (who ruled in his place)**
- ❖ **Developed a 'blueprint' that was used for later English colonists**

### **Why was colonisation of Virginia important?**

- ❖ **Undermined Spain**
  - Gave England a base to attack Spanish colonies in New World
  - Wanted to rival Spain's empire
  - Challenge Spain's dominance in the New World
- ❖ **Economic benefits**
  - England needed new markets for trade due to conflict with Spain
  - Virginia could provide materials England needed rather than Europe
  - Tobacco new crop to trade, as was sugar cane

### **Why did attempts to colonise Virginia fail?**

- ❖ **Voyage**
  - Left England too late to reach Virginia to plant crops. (Dependent on Native Americans for food)
  - Before colonists arrived many were ill: Rotting food, mosquitos, climate
- ❖ **Expectation VS reality**
  - Many colonists wanted to get rich quick rather than put any work into it.
  - Colonists didn't co-operate: Noblemen not prepared to do hard labour & farmers not willing to do the work for them!
  - Soldiers who went defended colony well but couldn't farm and lacked discipline
  - Too many craftsmen and not enough farmers
- ❖ **Inexperience**
  - Reliant on Native Americans
  - Not enough of the right kind of people to establish a colony: Life of hardship with few rewards
- ❖ **Native American resistance**
  - Grew tired of constant demands for hand-outs from the English

- Wingina believed English had supernatural powers (Natives dying from European illnesses being brought over by the English - Measles)
- Violence between the groups as winter set in
